Amicus curiae - contemplative journal

01 January 2016

May it please Your Majesty,

We know Your Majesty's wish for us to be present for thy 90th birthday celebrations. We have placed it before the LORD: May Your Majesty's wish be our wish.

We are ready to do whatever must be done for releasing the world from the tyranny pretending to act in the name of our LORD Jesus Christ. The return of the LORD is the

return of Rama.

We are not here to become window decoration. The unconditional surrender of all corporate governments, secret services, death cults, fake priest, idiot princes and kings etc., is the goal, set 'long ago'. Truth is the goal, in all endeavours.

We suggest that Your Majesty verify with Princess Anne, The Princess Royal, what is the status of the 'muster' of de-facto Allies for the Rule of YHVH's Law.

> Swiss army chief André Blattmann warned, in a Swiss newspaper article on Sunday, the  
> risks of social unrest in Europe are soaring. Recalling the experience of 1939/1945,  
> Blattman fears the increasing aggression in public discourse is an explosively hazardous  
> situation, and advises the Swiss people to arm themselves and warns that the basis for  
> Swiss prosperity is "being called into question."

> The situation is growing increasingly risky, Blattman begins.

> "The threat of terror is rising, hybrid wars are being fought around the globe; the  
> economic outlook is gloomy and the resulting migration flows of displaced persons and  
> refugees have assumed unforeseen dimensions."

> Blattmann: "Social unrest can not be ruled out", the vocabulary in public discourse will  
> "dangerously aggressive."

> "The mixture is increasingly unappetising" Blattmann sees the basis of Swiss prosperity,  
> "has long been once again called into question."

> He recalls the situation around the two world wars in the last century and advises  
> Switzerland, to arm themselves.

We have read other reports of his concern about a Sultanate out of Turkey. Perhaps he has not been made aware of our Amicus curiae(s) to assist Your Majesty and His Holiness Pope Francis with the dissolution of the Federal Reserve and all corporate banks and countries.

We suggest that Princess Anne, The Princess Royal, inform the head of the Swiss Armed Forces, Lieutenant General André Blattmann about this Court of Record of Jesus Christ and its presence in Switzerland.

Lieutenant General André Blattmann must learn how, as a result of CERN and other events, Switzerland is already under Admiralty rule of this Court of Record.

It is our wish that Princess Anne, The Princess Royal, in whom we have placed the responsibility of all Allied Armed forces, to oversee the Swiss Armed Forces, with a rank exceeding any member of their Armed Forces.

We suggest that Lieutenant General André Blattmann begin to read our Amicus curiae(s). We suggest he start with our first intervention sent to Switzerland and Germany regarding Ukraine. [www.courtrecord.org.uk/Swiss-PDF](http://www.courtrecord.org.uk/Swiss-PDF). He must take note of how we played chess with the CIA and won - lines 94, 95 et seq.

Lieutenant General André Blattmann shall assist Princess Anne, The Princess Royal with the cleanup of the Swiss Army and Switzerland.

We believe there are plenty of idiots with sacrificial altars in Switzerland. There is no immunity or sovereignty of any sort. [www.courtrecord.org.uk/Daniels-1](http://www.courtrecord.org.uk/Daniels-1) covers this. Switzerland has no /de jure/ government or sovereignty or neutrality.

The Bank for International Settlements (BIS) immunities are VOID. The Swiss Armed Forces can enter and search any BIS, UN or bank premises or private estates or churches and arrest any idiots conducting ritual abuse, sacrifice or paedophilia and destroy their equipment.

We suggest that Lieutenant General André Blattmann together with all 'officers' of the Swiss Armed forces, read our Amicus curiae for Chartered Accountants and recent documents: [www.courtrecord.org.uk/QE2-2-PDF](http://www.courtrecord.org.uk/QE2-2-PDF)  
[www.courtrecord.org.uk/Lords-1](http://www.courtrecord.org.uk/Lords-1)

They shall quickly discover, that the future is not Swiss Banking and Swiss Finishing School but emulation of 'Swiss Family Robinson'. No one owes the super rich idiots of Switzerland a thing.

Who killed Engineer Ian

Subsequent to our last letter pointing to the vanishing breed of engineers capable of engineering from first principles, the Lord High Admiral has pointed out:

> The Duke of Edinburgh has praised the vital work of engineers, saying that "everything not > invented by God is invented by an engineer".  
<http://www.telegraph.co.uk/finance/newsbysector/industry/engineering/12078039/prince-philip-duke-of-edinburgh-engineers-population-growth-royal-family.html>

Is it murder?

Necessary force is authorised to investigate the deaths of, and arrest the perpetrators, if any, of the following engineer/thinker deaths, reaching into the 'highest levels' of the intelligence agencies to find out and publish \*all\* details:

1. Ian Ashley Murdock (28 April 1973 – 28 December 2015)

[https://en.wikipedia.org/wiki/Ian\\_Murdock](https://en.wikipedia.org/wiki/Ian_Murdock)

2. Leonard Harris Sassaman (1980 – July 3, 2011)

[https://en.wikipedia.org/wiki/Len\\_Sassaman](https://en.wikipedia.org/wiki/Len_Sassaman)

3. John Forbes Nash, Jr. (June 13, 1928 – May 23, 2015)

[https://en.wikipedia.org/wiki/John\\_Forbes\\_Nash,\\_Jr.](https://en.wikipedia.org/wiki/John_Forbes_Nash,_Jr.)

> Genesis 4:9 And the LORD said unto Cain, Where is Abel thy brother? And he said, I know  
> not: Am I my brother's keeper? 4:10 And he said, What hast thou done? the voice of thy  
> brother's blood crieth unto me from the ground.

> Genesis 4:11 And now art thou cursed from the earth, which hath opened her mouth to  
> receive thy brother's blood from thy hand; 4:12 When thou tillest the ground, it shall not  
> henceforth yield unto thee her strength; a fugitive and a vagabond shalt thou be in the  
> earth.

"Noli turbare circulos meos".

We suggest Sophie, Countess of Wessex, Lord High Chancellor, Lord High Steward lead the investigation. The similarities between good governance and operating system design or monetary design will become apparent: A Tree of Authority, etc. It will become revealed that 'Trusted' computing is an euphemism for 'trapped in a Panopticon'. The importance of entropy to cryptography and the various forces battling those of good faith shall be revealed. The deliberate sowing of tares in money and computing shall become revealed. Hardware and software back doors shall become exposed - in computers and in cars. The actual system of governance as contrasted to how we wish it would be shall become apparent. Every death by cancer becomes suspect. Richard Feynman died of cancer. He started to 'know too much', especially after his investigation of the Challenger shuttle disaster. Was he finished off?

We selected the above deaths because of what the process of discovery shall reveal and teach the Lord High Steward. It pays to ask interesting questions, for example, what has the 'board of green cloth' have to do with all this? What about the Holy Bible? It is obvious that the authors of 'UNIX' style operating systems read the bible. They called the main account 'root'. The process of discovery shall, "Gather ye together first the tares, and bind them in bundles to burn them".

Who sowed the tares? ... and then washed their hands like Pontius Pilate?

> Matthew 13:24 Another parable put he forth unto them, saying, The kingdom of heaven is  
> likened unto a man which sowed good seed in his field: 13:25 But while men slept, his  
> enemy came and sowed tares among the wheat, and went his way.

> 13:26 But when the blade was sprung up, and brought forth fruit, then appeared the tares  
> also.

> 13:27 So the servants of the householder came and said unto him, Sir, didst not thou sow  
> good seed in thy field? from whence then hath it tares? 13:28 He said unto them, An enemy  
> hath done this. The servants said unto him, Wilt thou then that we go and gather them up?  
> 13:29 But he said, Nay; lest while ye gather up the tares, ye root up also the wheat with

> them.

> 13:30 Let both grow together until the harvest: and in the time of harvest I will say to  
> the reapers, Gather ye together first the tares, and bind them in bundles to burn them:  
> but gather the wheat into my barn.

> 13:31 Another parable put he forth unto them, saying, The kingdom of heaven is like to a  
> grain of mustard seed, which a man took, and sowed in his field: 13:32 Which indeed is the  
> least of all seeds: but when it is grown, it is the greatest among herbs, and becometh a  
> tree, so that the birds of the air come and lodge in the branches thereof.

Answer: IBM. So shall we "gather the wheat into my barn". It is our wish that Princess Anne, The Princess Royal place all divisions of International Business Machines / IBM under the admiralty jurisdiction of this Court of Record of Jesus Christ, with particular emphasis placed on their New Zealand operations. Mahakali has shown us via Saturn conjunct Antares and Pluto opposite Canopus, that this is Her wish. IBM New Zealand may have an explanation for why. Is Saturn important to them?

Catherine, Duchess of Cambridge has a Very Important Job: her children - creating a man and a woman. It can't be left to that Montessori school. The most important thing a woman does, is to create men and women! The first seven years are very important - do not abandon them to the Jesuit mind-programmers. Women, listen up! Don't try to emulate the school teacher. Look up 'unschooling'.

We suggest that Princess Anne, The Princess Royal coordinate with the Allies for the Rule of Jesus Christ to supply the necessary military force to obtain the unconditional surrender of the corporate nations of Central America to this Court of Record of Jesus Christ. Queen Letizia of Spain shall be the receiver of these nations to this Court of Record of Jesus Christ. The Duke and Duchess of Cambridge shall coordinate the necessary Foreign Affairs and provide close logistical support. Central America: South of Mexico to Columbia. The rest shall follow, northward and southward so that America entire is secure and free from corporate government.

Pilgrimage not 'tourists and immigration'

Why think small, says Mahakali - just look at scripture for what the ancients did.

From the Ramayana, we can read how Bharatha, brother of Rama who obtained the kingdom due to 'political treachery' of his mother and his family, who banish Rama into the jungle, decides that his brother Rama is the only one fit to be king. From page 98 ([www.courtrecord.org.uk/library.html](http://www.courtrecord.org.uk/library.html) djview file page 105), we read:

> Bharata said, " ... By usurping the throne I shall only gain eternal infamy and hell  
> for myself and disgrace for the dynasty. This sin has been committed by my mother, but  
> it does not please me. I salute Rama standing here. I shall follow him and him only;  
> and he alone is fit to be king. Holy sages, I have already given instructions for a  
> contingent of the army and all our leaders to proceed with me to the forest where Rama  
> is. I shall persuade, nay force, Rama to return. If, however he refuses to return, I  
> shall, like Laksmana, stay with him in the forest. A beautiful road is already being  
> paved for the joyous return of Rama to Ayodhya."

> Soon the mighty river of devout humanity began to flow from Ayodhya to the  
> forest. Leaders of the community, the members of the royal court, the chief amongst the  
> artisans of every type, members of the various guilds - carpenters, masons, cobblers,  
> engineers, architects, artists, potters, weavers, goldsmiths and jewellers - physicians,  
> washermen and tailors, musicians and dancers, formed part of this mighty expedition, led  
> by nine thousand elephants richly caparisoned, sixty thousand chariots and men armed with  
> various weapons, and a cavalry a hundred thousand strong. The people were saying to one  
> another: " When shall we behold that Rama who is the dispeller of the sorrow of the  
> entire world, who is of the colour of the rain-bearing cloud, who has strong arms, who  
> is firmly established in divinity, and who is of firm resolve? The moment we behold him  
> our sorrows will vanish, just like the darkness of the world vanishes when the sun  
> rises". Highly learned brahmanas, resplendent with the lustre of their deep meditation  
> and spiritual attainments, followed Bharatha in their own bullock-carts.

The word "brahmana" means knower of Brahman, Ground of Being, YHVH. We suggest that those who wish to be of service to YHVH, the LORD, read the Ramayana. When they meet, Rama inquires of Bharatha about how he has settled the affairs of the kingdom in his absence. His words capture the essence of good governance.

> Seeing Bharatha after a long time, Rama was overwhelmed with joy. ... " I am happy to  
> see you after such a long time, Bharata: but why have you come to this dense and  
> uninhabited forest? Why have you left your father alone in the palace and come here?  
> How can the old king endure your absence? I hope that the king has survived the great  
> tragedy that struck him. I hope, too, that he has not left this world. And, are you  
> all right, Bharatha? I hope that you have not been cheated of your sovereignty, simple  
> and pure-hearted that you are? Please also tell me: how is the venerable sage Vasistha?  
> Do you honour and worship him, as you should, my beloved brother? How is my mother  
> Kausalya and how is Sumitra; how is our glorious mother Kaikeyi, I hope she is happy  
> now.

> "How are the priests of the royal household? Do you treat them with due respect and do  
> they perform their religious duties properly? Do you honour the gods, our ancestors,  
> the royal servants, the preceptors who are as worshipful as one's father, aged people,  
> physicians and also the holy Brahmanas? Are you looking after your own personal  
> teacher, Sudhanva who is well versed in warfare and knows the secrets of missiles? And  
> have you appointed the right type of councillors to advise you? This is essential: for  
> it is important to have ministers who will maintain strict secrecy, and this is the  
> secret of victory. I hope you do not act without the advice of the ministers; and I

> also hope that you do not consult too many people. Again, I hope you do not proclaim  
> your decisions before they are given effect to. Do you also ensure that the official  
> secrets are not leaked out by untrustworthy officials?

> "Do you realise that one wise man is more beneficial to the country than thousands of  
> fools? Have you entrusted the most important offices to first-rate officers, secondary  
> offices to mediocre officers and so on? Do the people have confidence in the ministers  
> you have appointed? Do you have a brave, wise and able person as the chief of your  
> army? For it is important to get rid of a physician whose treatment aggravates the  
> suffering of the sick, a rebellious servant and a hero who is desirous of political  
> power - he who does not get rid of these is himself destroyed. I hope that the servants  
> of the state receive their wages at the appropriate time, promptly: or else the  
> administrative machinery becomes inefficient."

> Rama continued: " I hope that you are vigilant, as a wise ruler should be, and have  
> intelligence officers constantly watching the foremost functionaries of the state, they  
> who are favourably disposed towards you and those who may not be so disposed. Especially  
> they who have been hostile towards you and who may have later returned to your fold,  
> should be carefully watched. I hope, Bharata, you do not encourage the worldly-minded  
> brahmanas who consider themselves learned but who are experts in destructive endeavour.  
> (HMQ and Pope Francis know many of these).

> "Tell me, O Bharatha, is Ayodhya as impregnable as it has always been, and as its name  
> implies? And, are the people of the different groups and classes carrying on their  
> respective professions diligently? Our kingdom has always been free from crime and  
> violence, poverty and drought, and full of wealth of every kind, inhabited by cultured  
> men and women when a keen sense of commonweal: is this tradition being maintained by  
> you, my dear brother? Do the farmers and industrialists enjoy your special protection,  
> do that the state of the national economy may be sound? And, are the womenfolk in the  
> kingdom properly looked after and guarded against all hardship and exploitation ..."

We realise, Your Majesty, all too well that worldly-minded priests have sold their  
brothers into slavery, made idiots of the men and the women have to contend with many  
hardships and abuse they do not comprehend. We realise that there is no money, that  
imaginary riches have been the whips that have goaded the 'super rich' to produce the  
appearance of wealth. These super rich are then maintained in a "soap bubble", to quote  
Pope Francis.

We quote the Ramayana to draw attention to the righteousness of Bharata and the wisdom of  
Rama regarding good governance. Today you have aircraft and motorised transport. From our  
perspective, there is no need for "an army". There is a need to secure America so that  
peace prevails - food must be produced, trade must replace 'commerce', those children who  
have laboured under the illusion that drugs produces wealth must be weaned from their  
mental addiction to 'money', the destruction of the children stopped and learning replace  
'education'. The educand, the object of education, - and torture, ritual abuse, must  
'unlearn' their mind-programming.

Similar scripture in the Torah occurs after Jethro meets Moses, Exodus 18:17 et seq. Which  
Rabbi can answer why Jethro says "The thing that thou doest is not good"?

Perhaps the Saudis have not noticed yet, that, having rejected the grace of Greatest, All-Embracing Name of Allah by which He answers, Ism-i Azam, there are now signs that He has removed from them the Custodianship of the Two Holy Mosques and sovereignty over their kingdom. Are they being puppet mastered by a tyrant we know in England?

There is no authority for them to execute anybody. They shall cease and desist from sponsoring terror in all forms. We suggest to them that they surrender unconditionally to this Court of Record of Allah Ar-Rahman, BEING Most Compassionate.

<http://www.telegraph.co.uk/news/uknews/prince-william/12077722/Prince-William-tells-Ant-and-Dec-he-fears-not-seeing-his-children-growing-up.html>

We have not seen recent pictures of William, Catherine and their children. Why is this so? Is there any blackmail ongoing? What is Prince Charles up to?

It is Prince William's heart of compassion that led us to suggest his role in the 'Foreign' Great Office of State. We suggest that, reading the words of the sages, Paul Brunton of England, Vasista of Vasista's Yoga, whenever he has a spare moment and diligently applying himself to the task at hand, he shall become blessed by the grace of BEING, Most Compassionate.

BEING is anti-protocol

Heisenberg's uncertainty principle is a reflection of BEING in existence. BEING refuses to make plans, to be pinned to any location in space-time, yet it IS.

Such is the personality of BEING that it thwarts human plans and frustrates human contracts. It is like unto that mischievous English boy, William by Richmal Crompton in 'William's Truthful Christmas'.

- > "What is it that poisons our whole social life?" said the Vicar earnestly. "What is it
- > that spoils even the holy season that lies before us? It is deceit. It is
- > untruthfulness. Let each one of us decide here and now for this season of Christmas at
- > least, to cast aside all deceit and hypocrisy and speak the truth with one
- > another. ... It will be the first step in a holier life. It will make this Christmas the
- > happiest of our lives. ..."

- > William's attention was drawn from the exhortation by the discovery that he had not
- > quite closed the matchbox and the stag beetle was crawling up Ethel's coat. ...
- > William's Truthful Christmas - Still William by Richmal Crompton

Royal protocol planners may have difficulties. Actual 'Foreign Policy' may be funny, like watching Ergodan inspect the Guard of Honour - Royal Grey Coats with pointy Bayonets - from the front ... and then attempt to 'inspect' their behinds. The Lord High Admiral motioning 'go on ...'.

We suggest that Ergodan be provided a copy of 'Still William' and a couple of copies sent to the Bishops of Rome. Someone should remind him that he wished to be just like Your Majesty. Someone should remind Ergodan how many Presidents, Prime Ministers and Popes Your Majesty has witnessed during Your Majesty's reign.

Prince William must call on his family to help him with the tasks we have set him. We suggest that Prince Harry pay a visit incognito to the offices of Keison, should there be any concerns about phone calls or internet orders.

We were aware when we started this contemplation of the 'time pressure' felt in certain quarters. The British know how to work under pressure. We suggest that Prince Harry, who has no family or child commitments, is appointed aide-de-camp to ourselves. This suggestion may have certain advantages from Your Majesty's point of view. He has the experience of having been on an 'Expotition' to the South Pole.

Ah yes, the Empty Chair, the attempted theft of the Crossed Keys of St. Peter. ... which we have now mentioned for the third time. References: [courtofreord.org/Lords-1](http://courtofreord.org/Lords-1)

We suggest that the Monarch of Spain check what commands issued by them regarding London are activating spontaneously - similar to that bottle of Scotch that appeared at Your Majesty's bedside. We suggest they issue a proclamation by their channels to command the 'grey' forces in London and elsewhere to stand down.

Porta Pia

> Benjamin Netanyahu, the Israeli prime minister, had something else on his mind. During a  
> brief meeting, he invited the Prince of Wales to pay an official visit to Israel.

> Mr Netanyahu's offer - like dozens of others extended by Israeli leaders to the Royal  
> family - is unlikely to be taken up.

We suggest that Mr. Netanyahu, whose Arrest Warrant issued by this Court of Record of YHVH is still active and his KNESSET, a bankrupt name in business without an honest pot to pee in, contemplate what the 1870 Roman Question and the cannonade at close range that led to the breach of the Porta Pia have to do with the refusal of the British Royal Family to visit the Roman State of ISRAEL. A suitable place for such contemplation is the 'wailing wall' at the ruins of the Second Temple and the relevant scripture from the Torah to sing is Exodus 32.

Naviget antyciram! It remains as dramatic today as in the time of the Master of Galilee.

We have seen that Charles prefers to believe in the illusion that he is Master when, in fact, he is a slave. We have also seen, that George and Charlotte, children of Catherine and William, are, in effect, kidnapped by Charles.

The English have very little patience with a tyrant 'King Charles' as Charles I & II found out. The Jesuits have had a strong role in choosing names and "forming" the personality to fit the name.

> Spanish king exhorts military to stand up to terrorism

> "We have been through tough times, some of them with tragic outcomes, such as the violence  
> - the brutal onslaught - of terrorism, which has brought death to so many cities, streets  
> and squares across the world, and that has cruelly hit countries that are our friends,  
> where citizens and fellow Spaniards have lost their lives," he said, alluding to attacks  
> in France, Afghanistan, Tunisia and Lebanon.

- > "We should not become discouraged in the face of these assaults," the king continued.
- > "On the contrary, those who attack our rights and freedoms must encounter a brave, united and firm response in defence of our own model of coexistence."
- > The monarch's speech was part of a ceremony that was first held on January 6, 1782, when Carlos III congratulated the Spanish troops for reconquering Menorca from the British.
- > Acting Prime Minister Mariano Rajoy, Defence Minister Pedro Morenés and Interior Minister Jorge Fernández Díaz were also present at the ceremony.

It appears that 'Spain' has resolved to clean up. By symbolic speech they are saying that Roman men are mad and the 'wise woman' must seek Christ to save the men. We suggest that the Monarch of Spain inform Charles that he has reached his "sell by date", to quote Mr. Charles of Wales himself.

The Law, having kept King George III as a lunatic, then Parliament, then the rest of the world, Mr. Charles better realise that there is no escape from The Law. All the Romans, Atom Bombs and their exotic Egyptian priests and Caliph Sultans put together have trashed by those who contemplate Jesus Christ, Ground of Being. This has been repeated many times over the past few hundred years. What is The Law?

Gospel of St. John 10:30 I and my Father are one.

We suggest to Queen Letizia of Spain that direct contact be established with Your Majesty, all opposition notwithstanding.

We send our love to YHVH for Your Majesty and the Royal Family!

Yours faithfully,
