Open Letter
Amicus curiæ
20th February 2014

May it please Your Majesty,

In the name of our Immaculate Virgin Mary with Her Child Jesus, greeting!

15

It is our duty to inform Your Majesty regarding investigations and actions of this *Court of Record* that have consequences for Sweden, Norway, NATO, etc. Your Majesty is already an honorary Admiral of the British Royal Navy.

20

We forward next our 39 page fax to NATO which includes cover letters and the *Amicus curiæ* to The Honourable Mr. Barack Obama, President of the United States, regarding the **dissolution of the UNITED STATES corporation** and the Federal Reserve system.

Our published Open Letters are available at:
www.courtofrecord.org.uk/letters.html

25

These letters will corroborate the recent amnesty by President Putin in Russia, the affairs in Norway, Philippines, Japan – **Fukushima**, China, Saudi Arabia, United Kingdom, Germany, Canada, **Syria**, Egypt, United Nations, Ukraine, etc.

It is the **officials of the United States** and the **European Union** whose position of trust is in question, not those of Ukraine or other country.

The European Union is substantially bankrupt to countries surrounding Europe as is proved by the Cyprus crisis, which is covered by www.courtofrecord.org.uk/crisis.html.

30

Uniform Commercial Code (UCC) based 'banking' is an instrument of war, which in turn has created a world of legal infants, adult men and women who do not understand the contracts and treaties they sign.

In a world of legal infants, the Swedish Foreign Minister His Excellency Carl Bildt is a juvenile delinquent. We suggest that Your Majesty take appropriate action to protect Sweden.

35

We suggest Sweden proceed with due caution as blackmail and violence is in use, including but not limited to the recent arson in Norway subsequent to our *Amicus curiæ* to His Majesty King Harald V of Norway.

We suggest maintaining close contact with British, German, Norwegian and Russian

governments who are conversant with the unfolding situation and with the *Holy See*.

40 We would suggest that an investigation be mounted into the nexus between the CIA / Al-CIA-duh and the use of Swedish prosecutors for blackmail, intimidation and complicity in torture and rendition flights, starting with the threats to Julian Assange.

We would suggest that the principle of Mercy and large heartedness be employed, with speedy removal of complicit and therefore untrustworthy men and women from public office.

45 As we have suggested to Britain and Russia, we recommend that corporate police, baliff and court accounts be monitored or seized.

We count a number of Swedish men and women amongst our friends and would be delighted to arrange a close working relationship such that '**UCC mirror reflection**' can be examined in detail at the highest levels of Swedish society.

50 Sweden has a strong merchant marine and return to trade in contracts denominated in substance, a requirement for peace, is a natural step for Sweden.

We suggest a close working relationship with Archbishop Henryk Józef Nowacki, Apostolic Nuncio to Sweden to facilitate a return to the peace of Jesus Christ and Christian unity based on the direct perception of our One Father.

55 Sweden is blessed with a number of contemplative men, women and children – we have noted elsewhere that the angels of Europe are in manifestation in Sweden. It is our wish to travel to Sweden as there are many people we would like to see. We must note that we do not travel with a 'passport', the entire concept of such being alien to Christian peace. If Your Majesty should wish to extend an invitation, we are sure the transportation and stay can be arranged without
60 expense to the Swedish state.

We pray to our LORD Jesus Christ, whose love is the surest guarantor of peace to guide and protect Your Majesty and the Swedish people.

Yours faithfully,

65 *Joseph Ray Sundarsson*
